Revolutionizing communities
through the power of philanthropy

Providing a more equal playing field for grassroots nonprofit organizations.

RevComm Foundation revolutionizes communities through the power of philanthropy. Now more than ever, community resources and opportunities are critical to create thriving communities. While there are many organizations providing critically-needed support to underresourced communities, these agencies struggle to find their own resources and funding to continue their efforts in providing no-to-low cost services to their clients. RevComm Foundation aims to change the narrative of nonprofit funding by creating a collaborative synergy for start-up nonprofit organizations.

Grant Tank at The Bruery Applicant Information

The Grant Tank event aims to support nonprofit organizations in a unique spin on the typical grant funding process. Through the Grant Tank event RevComm Foundation will bring upwards of \$20,000 to nonprofit organizations to compete in a fast-pitch style match-up to earn funding for their critical programs/mission.

EXPECTATION

Let us hear the need! RevComm, Sharks and audience members will be all ears as selected organizations are provided 5 minutes to tell us who they are, what they do, why they do it and how they do it. We encourage organizations to bring 3 great speaking team members that will help put your best foot forward while providing data, examples and testimonies about the organizations mission and programs. Be ready to explain yourself - Sharks will be given 20 minutes to mingle with nonprofit organizations, providing them 1:1 time to ask questions that may help in their decision making.

FOCUS AREA

RevComm Foundation is proud of its mission-agnostic approach, meaning we do not restrict funding to specific focus areas. If your organization meets our guidelines, does not provide services on the exclusion list, and fosters community impact, we encourage you to apply and look forward to learning more about your mission.
