To whom it may concern:

Peppermint Ridge hired Andy Anderson, as a part time consultant back in 2012. During the time he was here his expertise was utilized in many if not all departments. We are a Non-profit Organization and during his time at Peppermint Ridge we took advantage of the knowledge he possess and streamlined some of our current process, primarily accounting functions. Andy is an intelligent, energetic and motivated individual, and is always seeking and finding the most efficient way to get things done. He has also been a supporter of Peppermint Ridge at our events. To say the least it was a pleasure working with Andy.

Sincerely,

A handwritten signature in blue ink that reads "Maribel Melero".

Maribel Melero

Accounting Manager
